SUMMARY

As a Bachelor of Computer Science graduate with Data Analyst training experience and completed courses in Cloud Computing, I have developed a solid understanding of both data-driven decision-making and modern cloud technologies. With this blend of cloud and analytical expertise, combined with strong problem-solving and teamwork skills, I am prepared to contribute to roles at the intersection of data and cloud technology.

EXPERIENCE

King Abdulaziz University | Data Management Office | Saudi Arabia

Data Analyst Trainee | March 2025 – July 2025.

- Collected and cleaned raw data from multiple sources.
- Designed interactive dashboards and reports with Power BI and Excel.
- Assisted in building and maintaining databases.
- Developed and executed SQL queries to retrieve and analyze data.

Al-Dabbagh Group | Saudi Arabia

Trainee | June 2024 – August 2024.

- Developed the “Well-Being” mobile application, focusing on UI/UX design using Figma and front-end development with Flutter.
- Integrated Firebase services for authentication, database, and cloud functionality.
- Implemented Google Maps API to enable location-based features within the app.
- Applied basic cybersecurity practices, including domain management and configuration with GoDaddy.

EDUCATION

King Abdulaziz University | Saudi Arabia

Bachelor of Computer Science | 2025.

COURSES

- AWS Cloud Practitioner (CLF-C02) | DataCamp | September 2025.
- Microsoft Azure Fundamentals (AZ-900) | DataCamp | August 2025.
- Data Analyst in Power BI | DataCamp | August 2025.
- Microsoft SQL Server Bootcamp 2024: Go from Zero to Hero | Udemy | April 2024.
- The Complete Python and JavaScript: Web Development | Udemy | April 2024.
- Data Analysis Track | Satr Platform.
- Flutter and Dart Bootcamp | Developer Student Clubs | King Abdulaziz University.
- The Python Programming for Everyone Immersive Training | Udemy.

SKILLS

● Technical Skills:

- Data Visualization.
- Statistical Analysis.
- SQL Querying.
- Dashboard Development.
- Cloud Platforms.
- Cloud Security.

● Soft Skills:

- Analytical Thinking.
- Communication Skills.
- Time Management.
- Problem-Solving.
- Attention to Detail.
- Teamwork.

LANGUAGES

- Arabic.
- English.
