SUMMARY

A passionate and dedicated Health Informatics graduate with a strong focus on the latest trends in healthcare innovation, particularly in automation, data analysis, and digital solutions. Expertise lies in health data analysis, electronic health records, and leveraging technology to enhance healthcare efficiency and patient care.

EDUCATION

King Faisal University, Bachelor's Degree in Health Informatics
09/2019 – 07/2025

LICENSES AND CERTIFICATES

Saudi Commission For Health Specialties, Health Informatics Specialist
Classification number: 24651477
07/2024 – 07/2027

PROFESSIONAL EXPERIENCE

Health Information Management Department | Internship, Dammam Medical Complex
07/2024 – 10/2024
Dammam, Saudi Arabia
- Handled both electronic and paper-based medical records, ensuring accuracy and compliance with regulations, utilized MedicaCloud for EHR management, and supported tasks like medical coding (ICD-10) and data archiving.

Information Technology Department | Internship, Armed Forces Hospital
10/2024 – 02/2025
Jubail, Saudi Arabia
- Extracted and analyzed data using SQL, writing SQL queries against databases and analyzing HIS system processes, designed interactive dashboards, worked with the Wipro system to enhance digital services and reporting, and developed and deployed two Robotic Process Automation projects by UiPath, significantly reducing processing time for the department and improving overall workflow efficiency at the Hospital.

Quality Department | Internship, Armed Forces Hospital
02/2025 – 04/2025
Jubail, Saudi Arabia
- Assisted in project management for quality improvement initiatives, tracked KPIs, and contributed to enhancing patient experience and safety programs.

Information Technology Department | Internship, Armed Forces Hospital
05/2025 – 07/2025
Jubail, Saudi Arabia
